OFFICE OF INSPECTOR GENERAL OF EDUCATION IN MYSORE,

No 8497/382

Bangalore, Mysore, 26th April 1897

From

H J BHABHA Esq

Inspector General of Education in Mysore,

To

The Secretary to the Government of Mysore
in the General and Revenue Departments,
Bangalore

SIR,

I have the honour to forward for the favourable consideration of Government letter No 21 dated 17th April 1897 from the Honorary Secretary of the Kolar Students' Home enclosing a copy of the Proceedings of the Committee for the management of the Students' Home at Kolar, dated the 14th March 1897

2 The Students' Home at Kolar was opened in July 1896 for the benefit chiefly of the students of the Government High School in that town, and is under the management of a Committee consisting of some of the highest officers in the District Head Quarters and presided over by the Deputy Commissioner It receives a monthly Grant of Rs 25

from the Departme

3 The monthly charges on account of the pay of the Servants employed in the Home and of Contingencies which are all met from the Government grant amounted as shown below, to Rs 25 up to about the beginning of March.

1 Cook on Rs 8
1 Waterman on Rs 6
1 Servant on Rs 6
Contingencies Rs 5
Rs 25

4 The care and supervision exercised by the Committee, over the Home and the attention paid to the health and comforts of the Students, have made the institution very popular in the District and it is very largely sought by the Students coming to Kolar for education in the Government High School Though intended at first for the Students of the High School the Home has admitted lately some Students of the District Normal school also which was recently established in that place The result has been that the number of boarders, which was only five at starting has now risen to 35, and

there is every prospect of a further rise in the number The present establishment was found adequate at the commencement, when the number of boarders was smaller, though even then much inconvenience was often experienced, when from illness or other cause any of the Servants suddenly absented themselves The Committee state that it has become altogether impossible at present to manage the Home with the present small number of hands and find it necessary to maintain the following establishment

1 Head Cook - - -	Rs 10 per mensem
1 Assistant Cook	Rs 8
2 Watermen on Rs 7 and 6 -	Rs 13
1 Servant	Rs 6
1 Scavenger -	- Rs 2
Contingencies	- - Re 1
1 Manager -	- Rs 15
	Rs 55

5 As the number of boarders has increased since the Home was opened, I think the addition to the establishment of the Home as proposed by the

Committee, is necessary The Head Master of the High School who is the Honorary Secretary to the Committee, aided by one of his assistants, has been keeping the accounts of the Home, and attending to the daily purchase and issue of Supplies. But the work has increased much of late and the employment of a Manager on Rs 15 a month has become necessary likewise The employment of these additional hands and an increase of Rs 2 for the head Cook, which the Committee have been obliged to give to induce the cook to stay, in anticipation of sanction of the additional grant they apply for, raise the monthly expenditure of the Home by Rs 30 I beg to recommend that under the circumstances represented by the Committee, Government may be pleased to raise the grant in aid of the Home from Rs 25 to Rs 55 in order to enable the Committee to make adequate provision for the increased number of boarders The additional grant may be sanctioned from the 1st of June on which date the High School reopens after the midsummer vacation, from the provision of Rs 30 in the Provincial Budget for the current year saved under the head "Grants-in-aid," by the

conversion of the Aided London Mission Vernacular School at Malur into a Government institution.

6 As the present Cook refused to stay unless his pay was raised, and as the water supply in the premises of the Home failed, also, the Committee were under the necessity of giving an increase of Rs 2 to the Cook with effect from 1st March last and to employ a Waterman on Rs 8 from the 1st instant I request that a sum of Rs 6 being the amount of increase given to the Cook for 3 months from 1st March to the end of May next and a further sum of Rs 16 being the amount of pay of the additional Waterman for April and May may also be Sanctioned, as requested by the Committee

7 It is requested that the enclosure may be kindly returned when done with

Order thereon No 1218 64 EdF-42-96 date 22-7-97

The Kolar Students' Home is a private institution receiving a Govt grant-in-aid of Rs 25/- P m The internal management of the institution rests entirely with the Committee The Insp-Genl recommends that the grant may be raised from Rs 25/- to Rs 50/- P m to enable the committee to employ additional hands for the Home viz

2 The no of boarders may vary from time to time and the employment Extra hands occasionally may be necessary but the Govt cannot

The grant was sanctioned at first for a year - after which it was increased from time to time on the amount of Rs 40 & 50 being based on the number of boarders in the Home - vide notes in the Office

be expected to increase the grant whenever
a slight increase
~~very time~~ when there is ~~need~~ for [illegible]
the increase of cooking or other
establishment ~~when there~~ as the
increase in the no of ~~boarders~~ there will
boarders
be a corresponding increase in the
amount of boarding fees, a portion
of which as also the general Fund,

meet the extra establishment
~~the boarding fee of which is very small~~ may be raised so as to meet of the charges.
Charges. The Govt grant cannot be
increased simply because extra
servants have to be employed or
their salaries to be raised

× The Home is intended chiefly for students, but rules if framed for the admittance of guardians relations & friends of students being admitted as boarders. This must necessarily entail additional charges & no grant from Govt can reasonably be expected. It may further be observed that

SIR

With reference to para 3 of Government Order No 1218 / Ed. Z 42-96 dated 22nd July 1897, I have the honour to inform you that the principle by which grants to Students' Homes are regulated is that Government pay a grant equal in amount to the monthly charges for house rent if any and the necessary number of servants, the expenses of feeding being met wholly from the boarding fees collected. The rules for the management of Students' Homes are usually in substance those which I made for the Students' Homes in Mysore. A copy of these is enclosed herewith.

2 The Kolar Students' Home was opened in July 1895 and not about a year ago as

Sc 21 of 1896-97/13

This principle may be affirmed &c.

These rules may be made applicable to other Homes.

government suppose It has now been in existence for about two years and a half It has been under the management of a Committee of which the Deputy Commissioner is President and the Headmaster of the High School and other municipal officers are members The receipts and expenditure of boarding submitted with my docket No 13 dated 5th July 1897 show that the fees for boarding barely meet the cost of feeding The number of boarders has remained steady from March 1897 being from 30 to 35 This number shows how useful the institution is The Home serves the students of both the Normal School and the High School. An increase in the number of boarders does not in any way increase the resources of the Home as they merely pay their feeding expenses Thirty-five is the maximum number of students that can be accommodated in the Kolar Home unless additional accommodation is obtained by renting an adjacent building

This max could be fixed for Each Hom any be Account as Rs.

3 Rule 17 of the Kolar Students Home allows guardians relations or friends to stay in the Home only for a maximum period of ten days at a time if there be accommodation and they pay at the rate of five annas a day which is 50 per cent more than the boarders pay. Everywhere where there are students' boarding establishments provision

This may be approved & made effective Gold Mohurs

is made for the temporary lodging and boarding of their parents guardians or friends, who may visit them to help them at times of illness or to see how they are progressing This rule appears to me not only harmless but necessary and beneficial

4 An establishment of 35 boarders can not be expected to be managed gratis for any length of time by people however benevolent they may be A paid manager is necessary Moreover I ascertained at my last inspection of the Home in February 1897 that it is difficult to obtain the services of Brahmin Cooks in Kolar at the rates prevailing in Mysore or Bangalore The difficulty of obtaining water in sufficient quantity is also very great at Kolar Two watermen and a cart have to be employed for the requirements of 35 boarders Under all these circumstances I request Government to be so good as to reconsider their Order No 1218 / Ed 7 42-96 of 22nd July 1897 and sanction the increase of the monthly grant from Rs 25 to 55 Unless this increase is granted the Home will have to be closed or the number of boarders restricted to twelve. The present grant of Rs 25 was based on the supposition that the following establishment would be all that was required a cook on

f.c. 21

This may be passed under the circumstances
21/

Rs 8, a waterman on Rs 6, a Sudra servant on Rs 6 and Contingencies Rs 5, total Rs 25. The establishment of servants rendered necessary by the increased number of boarders is at present as follows Head Cook Rs 10, Assistant Cook Rs 8, two watermen on Rs 7 and 6 respectively, a Sudra servant on Rs 6 a Scavenger on Rs 2, Contingencies Re 1, to which items should be added the pay of a Manager on Rs 15, total Rs 55 It is hoped that the above explanation will satisfy Government that the proposed increase is necessary and that no increase is recommended without careful inquiry.

No 6771 72—Edn F 42 96, dated Bangalore 11th December 1897

Order thereon—In the foregoing communication the Inspector General of Education urges reasons in support of his recommendation to increase the grant

in aid of the Kolar Student's Home from Rs 25 to Rs 55 per mensem and, as requested in Government Proceedings No 1218—Ed F 42 96 dated 22nd July last submits certain suggestions as to the principles upon which the management of Students Homes should be regulated

2 Government approve of the principle described in para 1 of his letter that the Government grant to Students Homes be equal in amount to the monthly charges for house rent, if any, and on account of the necessary number of servants the expenses of feeding being wholly met from the boarding fees collected The rules prescribed for the Normal School Students' Home at Mysore submitted by the Inspector General commend themselves to Government, and they direct that the principles underlying them may be applied as far as possible in framing rules for other Students Homes in the State the maximum number of students admissible in each Home being fixed with due regard to the extent of accommodation available

3 Under the circumstances explained in para 3 of the Inspector General's letter, Government approve of the rule which allows the guardians, relations or friends of students to stay in the Home for a period not exceeding ten days at a time paying higher charges than those prescribed for students, and direct that the rule be extended to all Students Homes

4 Upon a consideration of the circumstances reported in para 4 of the Inspector General's letter, Government are pleased to sanction the increase of the grant to the Kolar Students Home from Rs 25 to Rs 55 per mensem so as to provide for the following establishment —

1 Manager	on Rs	15½ per mensem
1 Head cook	on Rs	10
1 Assistant cook	on Rs	8
1 Waterman	on Rs	7
1 Do	on Rs	6
1 Sudra servant	on Rs	6
1 Scavenger	on Rs	2
Contingencies	Re	1
Total	Rs	55

5 The charges will be met from the provision of Rs Government Proceedings No 5266 7—Ed F 26 96, dated 10th November 1897 for new grants in aid to schools &c and the date from which the establishment as now sanctioned is entertained, will be intimated to the Comptroller by the Inspector General of Education
